

TRAFFIC CALMING

| | ISSUE | RESOLUTION |
|--|--|--|
| | <p>Speeding in the Highlands is a concern amongst residents. The comments focused on Central Park, 24th Ave NE, and 25th Ave NE.</p> | <p>The City installed 25 MPH pavement markings on 24th and 25th and has provided graphics and messaging in support of the partnership with IHCA and HCA on the education campaign. Speed data was collected in summer 2017. The next step is to collect additional speed data to determine if the education campaign and speed limit pavement markings have reduced speeds. The pavement markings will be installed with permanent material at revised locations based on comments received from the neighborhood.</p> |
